FROM:

[Redacted]

Executive Officer, OTE

SUBJECT:

Future Utilization of Room 711, CofC Building

1. It is the present plan of the Office of Training and Education (OTE) to turn over Room 711 in the Chamber of Commerce Building to the Office of Medical Services (OMS) as soon as the new classrooms on the fifth floor are completed and ready for OTE occupancy. This Office will periodically keep you advised of the progress of this construction project.

2. Our agreement to transfer Room 711 from OTE to Psychological Services Division, OMS is based on our current forecast of requirements and resources available. Obviously, unforeseen new requirements could conceivably make the transfer difficult.
